PROFILE

Highly motivated and talented junior web developer seeking opportunities to grow and gain valuable experience. Committed to enhancing technical skills and contributing to the success of dynamic web development projects. Eager to collaborate with experienced professionals to expand knowledge and deliver innovative solutions.

EXPERIENCE

- **FREELANCER SQL SAP REPORTS**

  Create or maintain SAP reports with Crystal and Hana.

- **BAR CODE LECTOR WEB APP**

  Made with VueJs and Sanity for the back end.

  Once you scan a product, with a bar code lector API you can add it to the cart, multiply the items and charge it, selecting the payment option.

- **MULTIPLE WEB GAMES**

  Mainly focus on learning Js, Ts, DOM manipulation. With multiple frameworks to learn and understand how they work.
